

EDITOR'S NOTE

This special edition zine has been created to commemorate those fabulous Yahtzeen boys, Phil and Andrew, and to give you the poop behind the scoop. Take a dangerous delve into the private lives of two extremely bizarre, idiosyncratic characters. Zine Gods by day, Playboys by night. Many were interviewed (mostly girls) to provide ample gossip and an interesting, highly scandalous, background on the dynamic duo. **nasty** cannot guarantee that all sources, outside of our own knowledge, are entirely accurate or free from embellishment. However, **nasty** has skillfully procured confirming photographs of the scandalous accusations. It is **nasty's** duty and goal to produce and present all available dirt for your reading enjoyment. **nasty** takes no responsibility for hearsay or claims made by those outside of the **nasty** staff.
